Nima Moradirad

Senior Frontend Engineer

nimamoradirad@gmail.com nimamoradirad.com LinkedIn: nima-moradi-rad-1380s GitHub: Nima-Moradi1

I build React and Next.js applications, with experience in financial platforms, real-time interfaces, PWAs, and Android delivery.

Professional experience

Hesabo · Tehran, Iran Feb 2025 - Present

Senior Frontend Developer

- Develop frontend architecture and interfaces across Admin, Employer, Employee, and Support applications.
- Maintain PWA update behavior, cache versioning, and offline fallbacks.
- Deliver Android applications through Capacitor, including platform integrations and custom Java plugins.
- Mentor engineers and contribute to real-time features, validation, and frontend security improvements.

Basilica Finance · Tehran, Iran Mar 2024 - Dec 2024

Senior Frontend Engineer

- Built authentication and product interfaces with shared application state.
- Contributed to code review and frontend performance work.

BarnameNegar · Tehran, Iran Jan 2023 - Mar 2024

Frontend Developer

- Implemented dashboard workflows with TypeScript and reusable UI components.
- Integrated REST APIs and Redux-based application state.

KZI Dec 2020 - Sep 2022

React Developer

- Built React interfaces for e-commerce and content experiences.
- Maintained shared components, form validation, and application state.

Skills
